

DPS Aligarh has scheduled to open admissions for classes Play Group to Class IX & XI. The school yearns to build students who are not only outstanding in academics, but at the same time strive for inculcating and instilling social and ethical values, skills and attitudes to contribute positively toward the upliftment of the society. Thus, the admission process is designed in such a way that it tests both aptitude and attitude of the child. While the test assesses the proficiency in various subjects, it reveals the child's problem-solving skills. The portions integrated in the admission test also examine the applicant's beliefs and values based on the decisions they make. We believe that this method of testing the student allows us to look at them holistically.
